## Managing Home Time with Children

We think you have the toughest and the most rewarding job on Earth. **You** are a **PARENT!** 

## Does this sound familiar at your house:

- It is time to leave the house, everybody is everywhere-your kids are not even fully dressed!
- Your child does not do transitions well.
- · You have a to-do list as long as your arm but your child wants your undivided attention.
- · You do not have a routine that is working.
- · You feel like you are saying the same things over and over again and it doesn't stick We invite you to join us for a free webinar: Managing Home Time with Children.

## What if...

YOU could bring some organization to your home?
Your child knew all the steps to getting himself ready in the morning?
She knew what to do after breakfast?
He had a routine for after school that was clearly understood?
Your child could help you get dinner on the table?
Getting your children into bed was a breeze?

Are you **READY** for some **support** in managing your home? Register for the complimentary webinar **Managing Home Time with Children**.

We will share some tried and true tips for managing your time at home with those precious little people who occupy your living space with you. How would it feel to bring some more peace into your life? When you register, we will give you all the details on how to tune in to this webinar. We also will be happy to share our twice monthly eZines with you.

We are Tom and Julie Meekins of March Forth Family. We have been married for almost 35 years, raised four children (two of whom had varying degrees of special needs), got certifications in child development and health coaching, and not only lived to tell about it -- but get a great deal of joy in sharing what we have learned in the process. We are very happy to serve the client/patient families of Dana Mason at Kids' Village Therapy in Columbia, Maryland.

Come join us. We'd love to have you!
